

Plastic Bag / Plastic Film:

All plastic must be clean, dry, and free of food residue.

After reviewing the list below, if you are still unsure whether your plastic is acceptable for TREX, try these tests:

If the package stretches when you pull it, **YES**, you can include it.

If the package tears like paper when you pull it, **NO**, do not include it.

If the package is shiny or makes a loud crinkly/crunchy sound in your hand, **NO**, do not include it.
